

# Tissue paper machine 2700 mm

## Second hand machine | Article No. 2541

### Technical data:

Machine:	Tissue paper machine 2700 mm
Producer:	Beloit
Type:	Suction press roll
Size:	aprox 2700 mm
Capacity:	1500m/min
Year:	1971

## Description:

---

### Tissue machine:

manufacturer: Beloit

type: suction breast roll former

year of manufacturing: 1971

major rebuilds: 1984 drying system and 2004 Yankee cylinder

nominal width: 2720mm

trimmed width: 2680mm

design speed: 1600m/min

production speed: up to 1550m/min

grammage: 14 to 23GSM

production: 55 - 65ton/day

raw material: virgin pulp

drive voltage: 400V 50Hz

machine drive type: ABB (DC-440V)

Hood drive type: Siemens DC

DCS: ABB

key products: all type hankies, napkins, facials, toipa and kitchen towel
