

Diesel Generator 2500kW

New machine | Article No. 3883

Technical data:

Machine:	Diesel Generator 2500kW
Producer:	MTU / Hyundai
Type:	Package Type
Size:	
Capacity:	
Year:	

Description:

Unused 2500KW DIESEL GENESET x 3UNITS

Type: Package type (on the base plate)

Engine

make: MTU(Germany)

Year: 2011

Alternator

make: Hyundai(Korea)

Year: 2011

Fuel: Diesel

Engine specification:

Engine type:4 stroke, water cooled

Aspiration type:Terbo charger,Intelcooler

Power:2740kWh

RPM:1800

Number of cylinders:20

Cylinder configuration:90 Vee

Bore:170mm

Stroke:210mm

Displacement:95.4liter

Compression ratio:16.4:1

Combustion system:Direct injection

Mean effective pressure:19.2bar

Mean piston speed:12.6m/s

Governor type:ADEC

Cooling system:Radiator

2/ Alternator specification:

Make:Hyundai (Korea)
