

Rewinder Quattrotec 5000 mm

Article No. 4597

Technical data:

Machine:	Rewinder Quattrotec 5000 mm
----------	-----------------------------

Producer:	Quattrotec
-----------	------------

Type:	Double drum rewriter
-------	----------------------

Size:	4200 mm
-------	---------

Capacity:	1800 m/min
-----------	------------

Year:	None
-------	------

Description:

Tambour unwinding

- Speed up to 1800 m/min
- Web Width approx. 4300 mm
- Rewind end max dia 2100mm
- Unwinder max dia 2100mm
- Soft drum technology
- Min slitting width 50mm
- Rider roll controlled with control system
- Drum torque control
- Web tension control
- Automatic sequences
- Drives - ABB,SIEMENS Defined with customer
- Graphical HMI System
