

Boiler Pillard with auto control system

Second hand machine | Article No. 4905

Technical data:

Machine:	Boiler Pillard with auto control system
Producer:	Pillard
Type:	GRX
Size:	None
Capacity:	None
Year:	1980's

Description:

Second hand / used boiler Pillard

Conception: water rolls

Boiler stamps: 48 bar eff.

Outlet pressure superheater: 40 bar eff.

Overheating temperature: 440°C

Feed water temperature: 105°C

Combustible: natural gas, fuel-oil

Heating surface boiler: 487 m²

Heating surface superheater: 108 m²

Water volume: 10,4 m³

Steam volume: 3,9 m³

with control system Andover controls AC256M plus
