

# Boiler Pillard with auto control system

## Second hand machine | Article No. 4905

### Technical data:

Machine:	Boiler Pillard with auto control system
Producer:	Pillard
Type:	GRX
Size:	None
Capacity:	None
Year:	1980's

### Description:

Second hand / used boiler Pillard

Conception: water rolls

Boiler stamps: 48 bar eff.

Outlet pressure superheater: 40 bar eff.

Overheating temperature: 440°C

Feed water temperature: 105°C

Combustible: natural gas, fuel-oil

Heating surface boiler: 487 m<sup>2</sup>

Heating surface superheater: 108 m<sup>2</sup>

Water volume: 10,4 m<sup>3</sup>

Steam volume: 3,9 m<sup>3</sup>
